LAW LIBRARY

JUNE 11 (legislative day, JUNE 10), 1952.—Ordered to be printed

Mr. O'MAHONEY, from the Committee on Interior and Insular Affairs, submitted the following

## REPORT

[To accompany S. J. Res. 74]

The Senate Committee on Interior and Insular Affairs, to whom was referred the joint resolution (S. J. Res. 74) to change the name of the South Dam in the Columbia Basin project to Dry Falls Dam, having considered the same, report favorably thereon with amendments and with the recommendation that the bill, as amended, do pass.

Page 1, line 3, after the word "South" insert the word "Coulee"; in line 6, after the word "South" insert the word "Coulee".

Amend the title so as to read:

A bill to change the name of the South Coulee Dam in the Columbia Basin project to Dry Falls Dam.

The name "Dry Falls Dam" would have interest value because the Dry Falls is a well-known and spectacular feature of considerable historical importance.

The proposed change has had the endorsement, the committee is advised, of civic leaders and chambers of commerce in the affected area.

The Bureau of the Budget and the Department of the Interior have no objection to the enactment of the resolution, and their reports to the chairman of the committee are hereinbelow set forth in full and made a part of this report.

MY DEAR MR. CHAIRMAN: This is in answer to your letter of May 17, 1951, requesting the Bureau of the Budget to comment on Senate Joint Resolution 74, to change the name of the South Dam in the Columbia Basin project to Dry Falls Dam.

Hon. JOSEPH C. O'MAHONEY,
*Chairman, Committee on Interior and Insular Affairs,*
*United States Senate, Washington, D. C.*

MY DEAR SENATOR O'MAHONEY: We are glad to comply with your request for a report on Senate Joint Resolution 74, to change the name of South Dam in the Columbia Basin project to Dry Falls Dam.

This Department has no objection to the enactment of the resolution.

The name "Dry Falls Dam" would have interest value because the Dry Falls is a well-known and spectacular feature of considerable historical importance.

The official full name of the structure referred to in the bill as "South Dam" is "South Coulee Dam." Your committee may wish to change the resolution accordingly.

We have been advised by the Bureau of the Budget that there is no objection to the presentation of this report to your committee.

Sincerely yours,

WILLIAM E. WARNE,
*Assistant Secretary of the Interior.*
